Over two million 4–18-year-olds – that's one in four young people – are eligible for free school meals (FSM) in the UK. In 2025, there are almost one million NEET young people in the UK (not in education, employment or training), with those from low-income backgrounds twice as likely as their better-off peers to be NEET.
- EY Foundation is a national charity tackling barriers to employment faced by young people eligible for free school meals in England and Scotland so that the opportunity to succeed is not determined by a young person's background.
- c) You may only use the EY Foundation 'Fundraising on behalf of' logo on any fundraising resources you create, following completion of the EYF logo release form.
- d) Please contact the EY Foundation for support on communications connected to your fundraising activities, and obtain approval before publishing or distributing any materials.

- d) These Terms and Conditions constitute the entire agreement between you and EY Foundation regarding your participation in the event and supersede any prior

communications or understandings. Failure or delay by EY Foundation to enforce any provision shall not constitute a waiver of that provision or any other rights.
